COMMANDER MATCHMAKING LEVELS

Competitive - “Serious competition” means that players will win at all costs. Expect to play fast games featuring powerful combos, counterspells, and yes—even land destruction. Mana Crypt, Laboratory Maniac, and Winter Orb are all welcome here.

Challenging - “Fair challenges” means that everyone is still here to win, but not at the cost of anyone’s good time. Most decks will build resources over time before they start swinging haymakers at the table. You will not see a lot of easy combos that win the game outright, or cards that deny players their mana, but Reveillark, Vedalken Orrery, and Grave Pact are all fair game.

Social – “Social” games are for players that want to Magic without caring too much about winning. You will see a lot of decks built with a focus on theme instead of power level.
